### THE CLINIC DISASTER

The nation stands aghast before the magnitude of the terrible disaster at the Cleveland clinic. Never since the Collinwood school fire, in which over a hundred school children were sacrificed, has Cleveland suffered a catastrophe of similar proportions. The Cleveland clinic, a symbol of healing to millions, was turned into a shambles of fire and explosion which wrecked the building and imperiled the lives of hundreds of helpless patients.

Through the pity of the nation there will creep a tender smile in memory of those who unselfishly sacrificed their lives to succor the helpless. Doctors, nurses and orderlies of the hospital responded to a clear call and went on to that which they must have known was certain death. Policemen, firemen, pedestrians, passing motorists forgot their own safety to offer their help.

The list of dead contains the names of many prominent persons, several of them leaders in medical science. Their passing, dealt so suddenly by fate, will mean depletion in ranks that will be hard to fill. Catastrophe, when it comes, is swift and no respecter of personages. Hundreds grieve for those whom they last saw with a smile on their lips and no thought of the terrible death which overtook them in a place that was the epitome of peace and safety.

Every moment of life should be spent that Death, the reaper, will discover no bad stalks which would have been straightened by the morrow. And the manner of passing this life should be such that it will reflect nothing but honor upon the spirit of the dead and leave nothing but admiration in the hearts of the living. The graves of those who lost their lives in the Cleveland disaster will be hallowed by the red cross of humanitarian service.

### NEW SCHOOL DISTRICT

In his proposal that city schools absorb rural schools in the townships surrounding and adjacent to Salem, H. C. Leonard, county superintendent of schools, has offered for consideration a new development in public educational systems. It would mean the passing of the centralized school system, adopted by many townships in Ohio as a solution of the one-room rural school problem, should his plan fail to materialize the only alternative would be the extension of the centralized system, which thus far has gained little headway in Columbiana county.

For many years township boards of education have been confronted with the problem of providing better school facilities for the children of the rural communities. An equalization fund was set up to aid the weaker districts, but this has failed to relieve the situation to any extent. The centralized school has not found favor in many districts because of the growing tendency to send children of elementary as well as high school age to city schools. Not only has the tuition thus involved served to deplete township school funds, but those families who send their children to city schools no longer see the need of increasing taxes for rural schools which do not serve their children. The result is that township school officials hesitate to place before their voters bond issues for the purpose of constructing centralized school buildings.

That is the situation that confronts Perry, Butler and Salem townships in the Salem city district and other townships adjacent to large community centers. In casting about for a solution Supt. Leonard has hit upon a plan for Salem and other city school systems to extend their districts to include the rural territory. It seems like a logical solution from his standpoint of the townships, which could offer all their children the benefits many are now receiving by attending city schools. No increase in school taxes would be required to obtain this advantage.

Many features of the proposal may be viewed favorably from the standpoint of the city school system. There also are some difficulties

which must be overcome before the city can extend its school district. Tuition would be lost to the Salem schools, but the entire township fund raised by taxes for school purposes would revert to the city. The gain would be about enough to maintain an additional school building. This would be necessary if only the Perry township children were brought into the city school system. Two buildings would be required if the new district were to include Butler and part of Salem township. The one big problem for the city, therefore, is to provide additional facilities for some 220 more children in Perry township, or a total increase of more than 500 if all three townships were added. If taxpayers of the city, and the townships as well, are willing to approve the issuance of bonds for new school buildings, this problem is solved.

The proposal is interesting in the light of its possibilities. It would strengthen the community of interests existing within the territory now divided by city and township lines. It would add prestige to the Salem city school system which would be of distinct benefit in the progress of the city. But it is not a matter for hasty conclusions. Due consideration should be given every phase of the proposition before it is approved or condemned.

### What Others Say

#### UNIVERSITY PRESIDENT AT THIRTY

Heavy is the burden of proof thrown on the young shoulders of Robert M. Hutchins! All the generalities of human life and affairs run dead against him. Upon the established law of averages, no one can possibly contend that there is evident wisdom in naming a man, barely turned thirty years of age, to be president of one of the nation's largest universities. It simply is not true that men of such youth ordinarily have acquired anything like the knowledge, experience and balance of judgment necessary for the leadership of a great modern university.

And yet the trustees of the University of Chicago may have made a decision which will prove to be one of the best that a college board ever made. It all depends upon Robert M. Hutchins and upon the issue whether it be true that his capacities are really so exceptional that they entitle him to be judged not by the funded standards of history but in the light of history's exceptions. Charles W. Eliot was but thirty-five years of age when he became president of Harvard university. Between thirty and thirty-five no one would contend that there lies any very broad gulf of difference. Or if some one should so contend, there need only be cited the case of William Pitt who became chancellor of the exchequer before he had reached twenty-three and prime minister of England soon after he had passed twenty-four. In the United States Henry Clay was appointed to serve an unexpired term in the senate before he was thirty, and at thirty-four he was elected speaker of the house of representatives.

The thing can be done, and done well. Robert M. Hutchins, in any case, gives unquestionable evidence that he is a man of notable worth and ability. Unless this were so, he could not have served, while still in his twenties, as dean of the Law school of Yale university, and served there impressively well. The issue whether he be indeed of such full-fledged strength and of such altogether exceptional endowment that he can continuously bear the weight of responsibilities and duties normally beyond his years, is for President Hutchins, and the future, to determine and make manifest as time goes on. If he prove indeed another Charles W. Eliot, Boston will be the first to accord him grateful acclaim.—Boston Transcript.

## WHY WE MUST HAVE OUR SHARE OF IODINE

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

In a letter received from a reader, the writer asked this question: "Will you kindly explain what iodine does to us?"

Scientists have studied the secretion of the thyroid gland. This is the gland in the neck which becomes enlarged in goitre. In the secretion of this gland is a substance which has been named "thyroxin." It has been determined that this compound is essential to normal health. It acts as a regulator of metabolism.

Now don't be scared, please. I shall attempt to explain.

You know what a "thermostat" is. I refer to the clock-like mechanism, seen in the rooms of hotels, public buildings and even private homes, where they have central heating—particularly where oil or gas is used for fuel. The thermostat controls the dampers of the furnace or the inflow of the fuel. In this it regulates the amount of heat which flows to the given room. In every sense the thermostat is a regulator of temperature.

The fluids generated in the so-called ductless glands, of which the thyroid is one, contain what the learned men call "hormones." They have marked effects upon all the vital functions—the heart beat, the

breathing, the action of the digestive organs, etc.

The changes which take place in storing up food in the body and in using this stored material to operate the body, may be referred to as the activities concerned in metabolism. This, too, is effected by the secretions of the ductless glands.

Now you begin to see how important it is to take food which will supply all the elements going to make up the essential thyroxin. The latter is a chemical compound, and iodine is absolutely necessary to its formation.

You will recall the newspaper stories about the trout up in Wisconsin where President Coolidge went last Summer. Some of the fish suffered from goitre. The President's doctor knew what to do—he proceeded to feed the fish with liver and with chemicals containing iodine.

It is a remarkable thing that fish so fed will return to normal. Hashed sea-fish fed to fresh-water trout will have the same happy effect. These experiments show how necessary it is to have a regular supply of iodine. It is just as important indeed, that human beings should have their share of iodine. We are afflicted just as the trout were, if we are denied a ration of iodine.

That is why we should include in the diet such articles of food as carry iodine. Sea-fish is one of these. That is why I have mentioned salmon in this connection. That fish contains iodine essential to the proper regulation of the changes in our tissues. In a sense you see, this element acts as a thermostat, a regulator of our well-being.

### Twenty Years Ago

(Issue of May 17, 1909).

Lisbon—Frank Bye, Middleton township farmer, suffered the loss of 16 sheep last night. They were killed by dogs.

Constable J. D. Woodworth was appointed humane officer Monday night by the Salem Humane society. John Weingart, farmer living near Beloit, who came to this country from Switzerland in 1883, has been granted naturalization papers in Youngstown. He is said to have the largest family in the county.

Washingtonville—Another saloon, making six in all, will be established here this week by Archie Ferguson, Leetonia.

Winona—An oil well, which will produce 150 barrels a day has been drilled in on the Jason Galbreath farm, near here.

Paris, France—The postal strike is practically over. Leaders of the postal employees at a mass meeting admitted that they had been bluffing along.

On the McElldowney farm, Garfield, there is growing a field of alfalfa which will soon be ready for cutting for the first crop of hay.

L. Tomlinson will leave Wednesday for Portland, Ore., to attend the national convention of grocers.

Washingtonville—The Salem mine resumed operations after being torn down for some time for installation of additional electrical equipment, which will increase its output 20 per cent.

East Rochester—J. R. Hawkins, harnessmaker of this place, is crit-

ically ill from the effects of a sun stroke, which he suffered last Wednesday.

### The Stars Say—

For Saturday, May 18

WHILE today may be conspicuous for excellent prospects for advancement and progress, with much encouragement for reaching toward high goals, yet a tenacious obstacle threatens to frustrate most earnest endeavor unless routed by resolution, fortitude and persistency. New projects and employment open up these opportunities, which involve financial gratification as well as place, power and position, but they must be won by determination and labor. Good friends and superiors of those in authority may assist over the rough places.

Those whose birthday it is, stand at the threshold of a year of excellent opportunity, with advancement, financial increase, fulfilled ambitions and position and power beckoning but these must be won over a stubborn obstacle by determination, courage and hard work. The goal is worth the effort. A child born on this day may be splendidly equipped for reaching high goals in life either in employment, finance, politics or educational lines, giving it place and authority, but must win against obstacles.

Welcome each rebuff that turns earth's smoothness rough, each sting that bids not sit nor stand but go!—Robert Browning.

# COLUMBIANA TO VISIT SCHOOLS

Annual Open House Day To Be Held Today; Concert Listed

Columbiana, May 17.—The annual open house will be observed at Columbiana schools today. The afternoon hours were 2 to 4 and the evening time, 7 to 9. The high school orchestra will give a concert at 8 p. m. The work of the various grades will be displayed as will high school work, especially the domestic science, manual training and art departments.

The annual May party of the Sorosis Society was held Wednesday evening at the home of Mrs. Wick Fry, South Main street, beginning with a supper served at 6:30 by the L. L. class of the Presbyterian Sunday school. Mrs. Fry, Mrs. C. D. Strickler and Mrs. Salom Morris composed the committee in charge of the affair. This is the last meeting of the organization until next fall.

Ralph Keller has gone to Lancaster, Pa., where he has accepted a position with the Armstrong Cork company. Mrs. Keller and daughter, Kathleen, will remain in Columbiana for the present.

H. W. Hammond and H. C. Nolan attended a Rotary meeting at Louisville Tuesday evening.

William Esterly and son, Billy, are visiting several days with relatives in Alliance.

C. H. Little and son, Charles, and Mr. Lawson of Pittsburgh visited Monday with friends in Columbiana.

Mr. and Mrs. George Cooper, Youngstown, were Tuesday evening visitors at the home of Mr. and Mrs. Lee Holloway and family.

Miss Elsie Deemer is reported as improving after an attack of laryngitis.

Mrs. Charles Keller has returned from Oberlin, where she visited with her daughter, Janet, a student at Oberlin College.

Mr. and Mrs. John Ryan, Jr., spent Wednesday at Lake Milton. Thomas Greene of Cleveland visited the first of the week with his sister, Mrs. Homer Smith, and family, South Main St.

Ray Hum of Youngstown was a Columbiana business caller Tuesday.

Dan Miller was in Youngstown on business Wednesday.

Supt. F. J. Sewall was in Cleveland on business Wednesday and Thursday.

# LISBON LEGION SEEKING HOME

Purchase of Church For Use of Vets Is Probable

Lisbon, May 17.—A permanent home for John Welsh post No. 275, American Legion, of Lisbon is now proposed, and it is highly probable that the organization will come into possession of the property of the First Reformed church of Lisbon. The church was built about 20 years ago, and about two years ago there was a suspension of church services because the congregation was small. The Rev. I. J. Havrill was the last minister.

Recently the post appointed a committee composed of George C. Fetter, the first commander of the post, Clarence Ball and Earl Richardson to confer with officers of the Reformed church, and these officers are preparing to go into common pleas court seeking permission to dispose of the Lisbon church property.

The Lisbon post has a membership of 75 and it is possible that this will soon be increased to 100. The church property has a frontage of 51 feet on West Lincoln Way and a depth of 160 feet. The building is of brick and its location is one of the most central in Lisbon, being but a block and a half west of the court house.

Mr. and Mrs. George Cooper, Youngstown, were Tuesday evening visitors at the home of Mr. and Mrs. Lee Holloway and family.

Miss Elsie Deemer is reported as improving after an attack of laryngitis.

Mrs. Charles Keller has returned from Oberlin, where she visited with her daughter, Janet, a student at Oberlin College.

### BETHLEHEM CLASS

Mrs. D. R. McConnell was elected president of the Bethlehem class of the Methodist church at a social meeting Thursday afternoon at the home of Mrs. W. H. Matthews, North Union ave. Other officers to serve the ensuing year are:

Vice president, Mrs. R. A. Ohi; secretary, Mrs. B. F. Calkins; assistant secretary, Mrs. H. F. Whipple; treasurer, Mrs. A. C. Frethy; organist, Mrs. Moss; flower superintendent, Mrs. Chester Kirkbride, who has been teacher of the class for some years, was re-elected teacher. Mrs. Matthews is assistant teacher.

Mrs. A. C. Yengling gave a paper on "My Garden" and Mrs. J. L. Gray contributed a piano solo. Mrs. Willis Hole had charge of the games. Lunch was served by Mrs. Matthews and her associate, Mrs. McConnell and Mrs. Bowers.

### HOSTS AT DINNER

Entertaining at a dinner party Thursday evening at Quaker Tea House, McKinley ave. Mr. and Mrs. R. R. Miller received their club associates and a few invited guests. The decorations on the tables were in various pastel shades.

After the meal the company went to the home of their hosts on Lincoln ave. and enjoyed the hours at bridge. Prizes offered were presented by Mr. and Mrs. W. C. Windle, Mrs. W. P. Carpenter and R. C. Gibbs. Out-of-town guests were Mr. and Mrs. R. B. Carey, of Carrollton.

### EASTERN STAR

Eleven members of Salem chapter attended the annual inspection of Wellsville chapter Thursday evening.

The inspection was conducted by Mrs. Savella Johnson, of Celina, worthy grand matron of Ohio.

Those from Salem who attended were: Mrs. Thomas Rouse, Miss Myrtle Windle, Miss Rhea Todd, Mrs. Frank Rush, Mr. and Mrs. Ed Jenkins, Mrs. Gertrude Stewart, Dr. T. Estelle Wright, Mr. and Mrs. John Noble and John T. Burns.

### MARRIAGE LICENSES

A marriage license has been issued to Homer T. Faloon, a fireman of Wellsville, R. F. D., and Miss Mary L. Hazel, daughter of Mr. and Mrs. Herman Hazel of Salineville. They are to be married by the Rev. Martin of Salineville.

A T. Wagner of East Liverpool, a motorman and Mrs. Cyent Morris, a widow, also of East Liverpool, have obtained a marriage license. Both were former residents of Pleasant county, W. Va. They were married by the Rev. E. C. Lake at the parsonage of the Lisbon Christian church.

### MRS. BOLEN HOSTESS

Mrs. Frank Bolen entertained her club associates Thursday afternoon at her home, East School st. Two tables of bridge were in play and the hostess offered trophies in the games. These were won by Mrs. Michael Schuller and Mrs. Ralph Zimmerman.

Honoring her birthday anniversary a gift was presented Mrs. Robert Culbertson, by one of the members. The hostess served a two-course lunch. In two weeks the members will meet with Mrs. Lester Berger, South Union st.

### MARTHA WASHINGTON CLUB

Cards were a favorite pastime at a meeting of the Martha Washington club Thursday afternoon at the home of Mrs. Julia Finley, Broadway.

## PRISONERS DIG WAY FROM JAIL

Damaged Columbus Prison Scene of Escape Of Pair

Columbus, O., May 17.—Two prisoners in the city jail here escaped at midnight when they tunneled through a wall, which was badly damaged in the recent cyclone that struck the bastille, and using a rope made from bed clothing, dropped to freedom.

They are Charles Terry, 24, and Alonzo Beale, 25, both of Columbus. The latter was serving a sentence of six months and working out a \$500 fine for non-support, and Terry was being held for investigation.

Several nearby cell doors had been tampered with, but no other prisoners were reported missing.

The hole in the wall, which provided them with an egress, had been dug through a portion damaged by the cyclone, which killed two prisoners and injured many others.

late this morning over the Phone Valley France. The wind held up the Graf's progress over Nimes for 20 minutes.

### tries To Dodge Winds

Dr. Hugo Eckener tried to dodge headwinds by taking a more easterly course, but returned to Nimes at 10:15. After circling the flying field for 15 minutes at 10 miles an hour, he headed north toward Avignon.

Zeppelin officials are loath to believe the accident to three of five motors was due to sabotage. Nevertheless, a most rigid investigation will be conducted. Dr. Eckener, while keeping the Zeppelin works informed as to progress homeward, is withholding details of the accident. Zeppelin company will not make an official statement until Dr. Eckener reports.

It was pointed out that the motors functioned perfectly on previous voyages totaling more than 30,000 hours, or the equivalent to a round the world trip.

### May Have Hurt Motors

It is held possible that the motors were overstrained due to the desire of Dr. Eckener to fly over France in the quickest possible time. The French government allotted such a short time for the ship to remain over French soil that Dr. Eckener may have "crowded" the motors to get quickly beyond the "restricted" area.

This supposition is sustained by the fact that the Graf while flying over French territory. The Graf Zeppelin, which left here at 5:53 o'clock yesterday morning 11:03 p. m. Wednesday eastern standard time for Lakehurst, N. J., had completed nearly 1,000 miles of the voyage when the two rear motors ceased working.

### Wallet Stolen

Columbus, O., May 17.—A wallet, containing \$1.00, was stolen from the room of J. S. Edman in a downtown rooming house here, according to a report he made to police today.

## REPORT HAZARD IN X-RAY FILMS

Claim Deadly Accessories Lie In Proximity to Defective Electric Wiring  
Columbus, O. May 17.—Investigation of fire hazards in the Ohio Building here, in which the state highway and industrial relations departments are located, will be made today by State Fire Marshal Ray G. Gill.  
Gill said he will pay special attention to reports that life and property are endangered because of conditions existing in the X-ray film store room in the Industrial Relations Department. Gill was a recipient of a complaint that these films were on wooden shelves near defective electric wirings and that state officials and employees feared flying sparks might ignite the films.

## MIMIC WAR

(Continued from Page 1)  
drums and thereby learned of the Blues mobilization base.  
While the Red army officers were making plans to fall upon the enemy airport, near Dayton, the Blue zoomed down upon Newark and bombed that Red city which is situated about 90 or 40 miles behind the Red front. Newark was under a mythical rehabilitation period today. Damage was reported here.  
When reports of the daring daylight attack reached Red headquarters, 21 pursuit planes and five huge bombers, hopped off.  
No sooner had the Blues quartered their airplanes at the Dayton base, than the Red besieging party dipped over the field and dropped 30 400-pound simulated bombs. Many Blue airplanes were put out of commission and make-believe damage was also reported.  
Troy Sees Battle  
Another fight was reported over Troy later in the afternoon.  
Seeking to avoid another recurrence of the morning attack Red and Blue officers moved their airframe to a field two miles north of Columbus. Just as they moved to North field, within a short time when word of an impending Blue attack was reported.

Just a few minutes after they had moved the airframe to North field, a group of enemy bombers, scared over the former location and dropped several parachute flares, all of which represented large bombs.  
The "bombed" an empty field and the flares to the Red air forces were scattered.  
The explosion of the parachute flares provided Columbus north side residents with a wondrous pyrotechnic display.  
Spies are reported to be in both camps, which serves to make the war more realistic. If they are caught, they will face a firing squad, but the guns of the executioners will be empty.  
It is not known, of course, what attacks are planned for late today.

# PARTISAN WAR HOUSE PROBLEM

## Democrats Charging That Republicans Resort to Trickery

Washington, May 17.—Partisan warfare broke out over the \$500,000,000 farm relief bill for the first time this session in the house today when Democratic leaders charged administration Republicans with resorting to trickery to prevent a test vote on the senate's debenture plan of relief.  
Rep. Garner of Texas, minority leader, who supported the original house farm program favored by the Hoover administration, led the protest movement with a warning that if the debenture plan is knocked out of the farm bill he will fight to write it into the tariff bill.  
The Republican program, which was expected to be carried out today, called for sending the bill to senate and house conference committees to iron out differences between the two bodies and then presenting it for final passage.  
The Republican plan prevents the offering of a motion to instruct the conferees to stand out for the debenture idea and it is doomed in conference, as seven of the 10 probable conferees already are pledged to kill it.  
"There isn't the slightest doubt but that the Republican plan is intended to prevent the house from voting squarely upon the debenture plan," said Garner. "They are afraid to meet the issue. I believe that if a straight-out vote were permitted, it probably would be kept in the bill by the house."

## CAPONE

(Continued from Page 1)  
the detectives when he was accosted.  
"Hell, Shooley, I've got a gun on me," the Chicago gangster added when he saw Malone's fellow detective.  
"Then I'll have to take you in," Malone explained as the pair were taken into custody. Cline also was carrying a pistol, the detectives told the magistrate.  
The two men were searched, photographed and their finger prints were taken. Capone had a diamond ring said to be worth \$25,000. Money running into four figures was found on each man.  
Capone confided to Malone, whom he knew, having met him at the Sharkey-Strubling fight in Florida, that he was headed for Chicago.  
"I've been at Atlantic City for a few days," he explained. "Went to the shore as soon as I came up from Miami. I'm on my way to Chicago."  
The pair arrived here about 7 o'clock last evening from the seashore resort. They went to the theater to kill time, Capone said.  
"I was going to flag the midnight train for 'Old' Capone explained to Safety Director L. B. Schofield.  
"Honest, I just went to the movie to kill time."  
The arrests were made shortly before midnight. At 12:10 a. m. the men were arraigned. Scarcely had the hearing been concluded when two attorneys came rushing to the magistrate's courtroom to represent Capone. They protested the heavy bail but were not allowed to see the prisoners.

# Wants to Leap To Earth From Zep

Aboard Graf Zeppelin, May 17.—Via Radio.—Maurice Nathan, of New York, one of the American passengers on the disabled Graf Zeppelin, asked permission from Dr. Eckener today to leap from the ship attached to a parachute. Dr. Eckener assured the passengers that there is no danger, despite the slowness of the ship's progress due to disabled motors and headwinds. When permission was refused Mr. Nathan to depart from the Graf via the parachute route he became resigned to the tedious journey.

## LOANS up to \$500

Good-will is the answer to good service just as truly as poor service is the creator of ill-will. We all want to be served and waited on with special care and attention no matter whether we're buying soup in a restaurant or borrowing money. The City Loan today proves that. Indeed, there is little for you to do when it comes to borrowing money. Simply call, phone or write and our company will respond in a way that will more than satisfy you. A representative will come direct to you, home and explain the costs and details of a loan if you wish; and demonstrate the finest personal loan service available today.

*Drive this Car—You'll find it*  
**SMOOTH and QUIET AT EVERY SPEED**  
  
**TAKE OLDSMOBILE out and try it—in the swift press of traffic and on the open road. You'll find dazzling acceleration, as smooth and stageless as the pick-up of an electric motor. You'll find exhilarating speed, with freedom from noise or vibration throughout the entire range. You'll find a tireless, effortless flow of power, with a tremendous reserve for any emergency.**  
Oldsmobile's big 62-horsepower engine is smooth and quiet at every speed. It rests on sound-deadening, vibration-absorbing rubber mountings of special design. The chassis, too, is rubber-cushioned wherever cushioning should be used. Fabric heading, where metal would otherwise meet metal, eliminates annoying body squeaks.  
In keeping with its smoothness, quietness, and brilliant all-round performance, this finer Oldsmobile is easy to drive and comfortable to ride in.  
Controls are conveniently arranged. Both the front seat and the steering wheel are adjustable to suit the driver's individual preference. Oldsmobile's quick-acting four-wheel safety brakes respond to the slightest pressure.  
Interiors are luxuriously comfortable, with wide deep-cushioned seats, and plenty of head room and leg room. And four Lovejoy hydraulic shock absorbers assure restful riding ease on any road.  
Come, take a drive in this finer Oldsmobile. Learn not only what it does, but how it does it. Experience thrilling, powerful performance that is smooth and quiet at every speed. Match it against other cars in its field. Then . . . compare its value!

Mr. and Mrs. D. W. Thomas, Ray  
Thomas and Mrs. E. E. Grimes  
at Darlington, Pa., Wednes-  
day.

Mrs. Mary Whiteleather, 88,  
widow of the late John E. White-  
leather of Moultrie, died suddenly  
at the home of her daughter, Mrs.  
M. M. Newcomer, South Arch  
at Alliance, at 6 a. m. Wednesday.  
Mrs. Whiteleather was born at  
Hillsdale, N. Y., August 26, 1842; a daughter  
of the late Henry and Catherine  
White. She was united in marriage  
with John F. Whiteleather in May  
1865. Mr. Whiteleather died in 1897.  
For some time the deceased made  
her home with her daughter, Mrs.  
Newcomer. She was a member of  
the Bible Christian church at New  
Alliance. Surviving are seven chil-  
dren, six sons and one daughter:  
Ray D. V. Whiteleather, Columbia  
Ind.; W. S. of Moultrie; How-  
ard G. of Galena, Mo.; Mark C.,  
Alliance; John P., Canton; H. S.,  
Cokane, Wash., and Mrs. Ella New-  
comer, Alliance. Thirty-one grand-

children and 16 great grandchil-  
dren; two brothers, David Walter of  
Walkerton, Ind., and Henry Walter  
of Saunders, Idaho, and one sister,  
Mrs. Amanda Herst Sanor, of Lis-  
bon. One son, Dr. T. N. B. White-  
leather, of Malvern, died many  
years ago. Funeral services will be  
held at the Moultrie chapel Satur-  
day afternoon at 2 o'clock. Inter-  
ment will be in the Moultrie chapel  
cemetery.  
The well drilled in on the farm

of Owen Brooke proved to be a

## "Those Shoes Have Worn Longer Than Any Pair He Ever Had"

A mother made that remark to us  
day or so ago. She referred to a pair of

### LIFE SENTENCE FOR SLAYER OF RAIL DETECTIVE

Man Confesses to Part In  
Crime Nine Years  
After Deed

URNS WITNESS  
FOR PROSECUTION

Picture of Magician Is  
Reason For Belated  
Confession

Columbus, O., May 17.—Robert E. Stone, 48, whose indictment on a first-degree murder charge for the slaying of Charles Thurston, a brother of the famous magician, Howard Thurston, nine years ago, followed the confession of an admitted co-conspirator after the latter had seen a picture of the magician, to-day stood convicted of that charge.

A jury after deliberating eight hours, and taking 12 ballots, found Stone guilty of first-degree murder, but recommended mercy, thereby saving the man from the electric chair.

A life sentence in the Ohio state penitentiary is mandatory, but imposition of it was deferred pending the filing of a motion for a new trial.

Charles Thurston, who bore a striking likeness to his magician brother, Howard, was a railroad detective.

His body was found Feb. 2, 1920, beside the Pennsylvania railroad yards here. For nine years, the supposed murder remained unsolved. Then Noah Burns, admitted co-conspirator in the alleged slaying, becoming conscience-stricken after seeing a picture of Howard Thurston, went to a preacher here and confessed. The minister persuaded him to admit his story to authorities.

He did, and both Stone and Burns were indicted for first-degree murder. Burns was the star witness for the state. He is to stand trial at a later date.

Stone, at the trial, claimed self-defense, and his attorney in making the plea of the jury declared "Stone kept the killing a secret for nine years because he feared he would be misunderstood."

Stone took the verdict calmly. His wife and a sister sat beside him, and he had more than 100 other friends in the court room when his fate was handed down by the deliberating body.

### W. C. T. U. STARTS CLEANUP DRIVE

Furnish Toledo Mayor With List Of  
Places Where Liquor Can  
Be Bought

Toledo, O., May 17.—The W. C. T. U. has entered into the drive to rid this city of "speakeasies" and "boot-legging joints."

Members of the Women's Christian Temperance Union furnished Mayor William T. Jackson, with a list of addresses, where they charged, liquor could be bought.

Mayor Jackson declared he would conduct a probe.

The tendering of the list to the mayor followed his speech on "law observance" at a meeting of that body.

In his speech, the mayor said that during 1928, 4,902 punch boards and 948 slot machines had been confiscated by police. An average of one out of every 19 persons in Toledo was arrested for city and state violations in the last year, he pointed out.

### Commissioners To Hold Road Hearing

Lisbon, May 17.—There will be a hearing before the county commissioners June 3 at 10 o'clock on the improvement of the California Hollow section of the East Liverpool-Youngstown road in Liverpool and St. Clair townships.

Plans and estimates for the grading and surfacing of this section will be finished this week, it is announced by County Surveyor Lloyd C. Kirk. A large part of this road has been graded, but additional grading is required before the new concrete road is poured.

Property will be required from 25 free holders along the right of way for the purpose of eliminating some curves and the widening of others.

The new concrete work is to begin at the north end of the present concrete road in the City of East Liverpool, and extend northward to the Y. & O. sub-station where there will be a connection with the present concrete road in St. Clair township. It is proposed to have the new road opened to traffic before August if possible.

## In Playhouses Of Salem

### "BURNING THE WIND"

Hoot Gibson, the screen's cowboy ace, has reached one of the high places of his career as the star in "Burning the Wind," opened at the Royal last night.

Provided with an unusual role and surrounded by a strong cast in a thrilling and romantic story, he has made "Burning the Wind" a highly entertaining picture.

Hoot is seen in this photo-thriller as an adventurously inclined Westerner who spends his time in the East living a fast existence on his father's money.

There is a beautiful Spanish girl back home in California whose father and Hoot's father would like to see marry the young man. The two men, without telling the seniorita, track the wandering son into comedy home by telling him that somebody is grabbing up all his father's land.

He comes back, finds his father gone, and then begins to get back the supposedly stolen land. He falls in love with the beautiful seniorita, saves her from a pair of double-crossing villains and then decides to spend the remainder of his life at home.

### "ON TRIAL"

The crowds which storm the doors of murder trials seem to indicate that nothing has more appeal to the human craving for thrills than these real human dramas in the law.

"On Trial," the Vitaphone all-talking special directed by Archie Mayo with an all-star cast, including Pauline Frederick, Bert Lytell, Lois Wilson, Holmes Herbert, Jason Richards, Richard Tucker, Vendell Darr, Johnny Arthur, Fred Kelsey and Franklin Pangborn, is a faithful representation of such a trial.

Uninteresting details are omitted and vital testimony of the principals is enacted in the actual settings in which it occurred. The stage play, "On Trial," was based by Elmer Rice on his own experience in the law courts. Its ring of truth and sincerity was rewarded by enormous popularity on Broadway and throughout the country.

### "COQUETTE"

The Mary Pickford of "Pollyanna" was a shy, smiling and slightly coy young girl. The Mary Pickford of "Coquette," the poignant Broadway drama, is a deftly alluring young woman who attracts all men, loves but one, and who flirts her way into a situation which changes her spirit of humor and challenge into one of sacrifice and despair.

The famous young actress, whose film roles heretofore have generally been of the almost juvenile type,

### Three Generations Endorse It

"When I was a young single girl I took Lydia E. Pinkham's Vegetable Compound because my mother did and she gave it to me. After I married I took it before my children were born and afterwards, and I have eight living children. I am now a grandmother and still take it and still recommend it when any one is tired and run-down."—Mrs. Alfred Iverson, St. Edwards, Nebraska.

has, with a sweep of the scissors, plunged herself abruptly into the mood of an intensely dramatic contemporary social crisis.

The new Mary Pickford is distinguished, first of all, by a short, wind-blown bob. Her slim figure is cloaked in the latest Parisian modes. Her eyes have an irresistible lure for men. Her manner takes on the electrifying technique of the flapper.

### STYLE EDICTS

Paris, May 17.—Backbones will be jeweled this spring and summer according to the latest dictum from Le Touquet and Biarritz where smart Casino-goers are wearing bangles and diamond or paste buckles at the back of the frock instead of down the front.

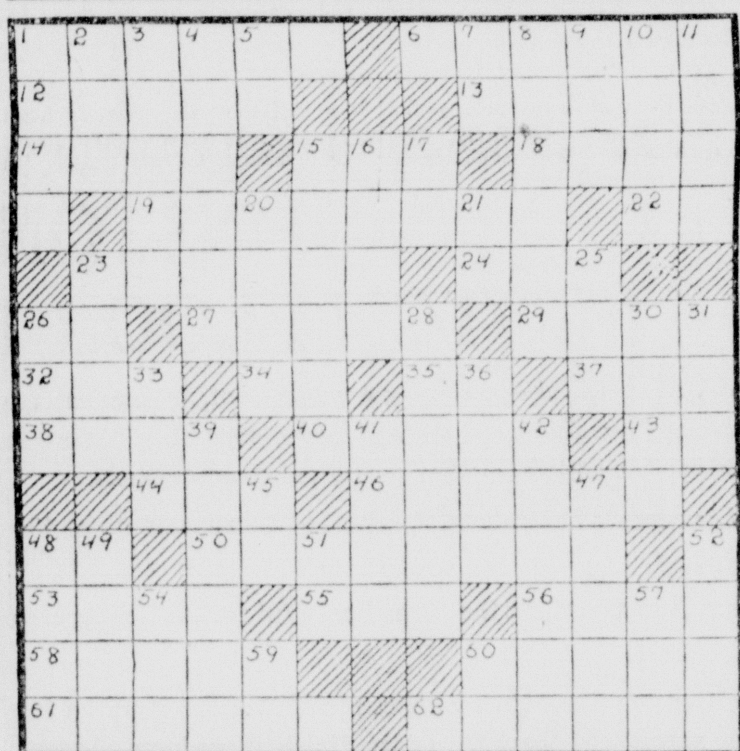

Actually, it is the logical sequence to the 1929 fashions, the designers of which are elaborating the backs of the evening dresses as much as they can and making the fronts as simple as possible. One main thing in favor of the new fashion is that it is equally applicable to the wearing of the real thing or the imitation so that everyone can adopt it. A large diamond buckle held the decollete together on a smart evening gown in white satin recently seen at a Ritz ball and on another a diamond pendant dangled down the spine.

One designer is launching a new necklace in which beads set with tiny colored strass and crystal beads cut like two hyacinth flowers set face to face alternate. The effect is dazzling but discreet. For a brunette beauty, he replaces the cut crystal beads by a black glass one perfectly round.

Another dressmaker is showing a collar pearls with triangular groups of green onyx beads and a triangular clasp also of onyx. Angular motifs come in blue enamel, one dark and one light, with blue marbled beads.

Dr. Andre Tours, a French scientist, claims to have discovered a method whereby the human body can be rendered as transparent as glass, so that the organs can be seen working as if in a mirror. Some experts think his discovery will surpass the X-ray in its value to surgery and medicine.

### HOME-MAKING HELPS

By Wanda Barton

Janey's mother, and she's a very progressive mother, decided to make a luncheon instead of a 4 o'clock party in celebration of Janey's third birthday. All the children were to be fed the usual simple things they eat for luncheon, and instead of a common little dessert like custard or rice pudding, there was to be ice-cream. No over-eating—as there would be at an after-luncheon children's party. No sick babies. Janey's mother was quite happy over her bright idea.

Unfortunately, however, just as the six small persons were seated around the gaily decorated table, it leaked out that there was to be ice-cream. Five little spoons went chasing green peas and spinach faster than ever. But Janey was seized with a brand new idea. "I want my ice-cream now," she laid down her spoon, and smiled sweetly but firmly. Too firmly, Janey's mother used all the usual arguments, including a gentle threat of no green peas, no ice-cream. But nothing worked. And not wishing to spoil Janey's first party she finally agreed to compromise. "Would Janey eat her spinach and green peas if she had her ice-cream first?"

Janey would. And to the astonishment of the disapproving other mothers on the sidelines, Janey waited until the other children were ready for dessert, ate her ice-cream with them, and then calmly and enjoyably ate up her vegetables.

What's wrong with this picture? The other mothers were sure Janey's appetite would be spoiled for vegetables after her taste of sweets. As it happened, Janey enjoyed the rest of her lunch just as much. And don't we do the same sort of thing when we begin a big dinner with a sweet fruit cocktail? It's all a matter of habit, and normal appetite doesn't seem to get disturbed much by the eating of a sweet, or even a more substantial item like thick soup, or cheese and fish entrees.

Too often the martinet in the household will insist, "Eat your soup first," or whatever it happens to be, when taste inclines another way. What does it matter, after all, what is eaten first? The important thing is that the food shall be enjoyed—which means that it shall be chosen with the preference of the family in mind as well as the wholesomeness of the food—and that it shall be cooked tastily, appetizingly.

One of the ways to stimulate appetite and increase the enjoyment of even simple food is to vary the order. Every dinner doesn't have to begin with the vegetable course served cold as a salad, with a snappy dressing. Every dinner doesn't have to begin with soup, nor must it end with a sweet. A platter of assorted, small portions of cheese, or a few whole fruits and nuts, are a pleasant change from the made desserts.

As far as digestion is concerned, the order of procession doesn't matter. But enjoyment of food does count in its nourishing value. And we've gone a long way since the dour and severe old father of Walter Scott put a handful of salt

### THE GUMPS—SYMPATHY

### France Gets First Radio Libel Suit

Paris, May 16.—Charges of libel will be filed against a radio broadcasting station for the first time on account of a "suicide" story, according to announcement made by Saint Granier, music hall star.

He may introduce in his favor the evidence of newspaper reporters and news photographers.

Saint Granier avers he returned home badly shaken up after emerging from an automobile collision when he was greeted by reporters and photographers who asked him why he tried to take his life.

The Government station has just broadcasted the news that you had committed suicide," they explained. "As a matter of fact we did not expect to find you here. But why did you do it?"

Alleging that he feels thousands of people who tuned in on the news still doubt the truth of his account of the accident Saint Granier put his case in the hands of a lawyer.

# YOUNG TAGGART PARTY BOSS IN FATHER'S PLACE

## Succeeds Late Senator in Indiana Political Circles

Indianapolis, May 17.—The late Thomas B. Taggart, former United States senator who was one of the great political leaders of the Democratic party, may be succeeded by his son, Thomas B. Taggart, Jr., who died here on March 6.

Already Indiana Democratic leaders are talking of young Taggart as a possible successor as Indiana member of the party's national committee to Charles A. McNamara, who has expressed the desire to give up that place.

The son of the veteran leader is without long experience in Indiana politics. He has been in touch with the political activities of his father and even inspired, it is said, by his father's political judgment. He has been a delegate to the state and national Democratic conventions.

Is Also Generous

Furthermore—and this is interesting to many Hoosier Democrats—the younger Taggart retains the pomp of generosity of his father, who means that the Taggart fortune probably will be always available.

Thomas B. Taggart has been the owner of the French Lick Springs and other enterprises for a long time. He has been on the board of directors of two large Indianapolis hotels for some time and succeeded his father as treasurer of the Lincoln Memorial Association, seeking to erect a \$3,000,000 memorial at Lincoln City, Ind.

Young Taggart is a graduate of Yale. After college days, he entered business with his father, assisting in the direction of the French Lick Springs Hotel with its 3,500 acres, golf courses, bottling works and mineral waters and baths. Under his management an addition of 20 rooms and a convention hall seating 1,800 have been built.

Horses His Hobby

The hobby of Thomas B. Taggart is blooded horses. He has owned some of the finest horses on the American trotting turf, including the Senator and Peter Pluto and has won three of the recognized best three year old trotters in America, 2:06 which last year as a two year old won the Kentucky Futurity at Lexington, Volomite is one of the great favorites in the three year old stakes, including the Hambletonian to be raced on the Grand Circuit this summer.

Young Taggart also owns Amyrah, entrant in the Kentucky Derby to be run at Churchill Downs, May 18.

The owner of three golf courses, Taggart plays no golf. But he is to entertain the Indiana golfers this summer as he did last summer and several times before, in the Indiana golf championship to be played at the upper course at French Lick. In fact the Indiana Golf Association has selected the French Lick courses as the permanent place to hold the annual Indiana golf championships.

LEETONIA

The Leetonia Choral Union, after a rehearsal in the M. E. church on Wednesday evening, pleasantly surprised their leader, James Hall, by going to the parish house where they presented him with a baton, trimmed with a silver band appropriately engraved.

Miss Evgol Halverstad, organist, was presented with a pencil.

A lunch was served, the tables being arranged in the form of the letter H, and the evening was spent in contests and games.

Mrs. John Gunther is ill at her home north of town.

The Van Sickles family is moving from the home on Park st., to Salem, where Mr. Van Sickles is employed.

Harvey Shaffer was in Lisbon on business yesterday.

Mrs. H. M. Stambaugh spent today in Youngstown.

Mrs. Wilbur Elwonger, who has been seriously ill in the Salem Clinic hospital, is reported as improving.

Mrs. W. S. Groner is visiting in the home of her daughter, Mrs. Donald Shontz, in Massillon.

Mrs. James Caldwell was a Columbiana caller today.

Mr. and Mrs. C. R. Shontz were in Alliance on business today.

Friends here have received word that Mrs. Harry Aiken is ill at her home in New Brighton, Pa.

Mrs. Eugene Silver entertained Tuesday evening at her home in Salem in honor of her friend Mrs. Sylvia Grubbs. Guests from Leetonia were Mesdames Joseph Woodward, Edward Saurevorn, Arthur Spattholt, Ross Mellinger, Culver Stewart and Alvin Fire.

# Are You Ready

## When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug. Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

# Romantic Connie Takes Her Third

Buster Keaton's home at Los Angeles, Cal., was the scene of a very pretty wedding when Constance Talmadge, screen star, sister of Mrs. Buster Keaton, wed Townsend Netcher, a wealthy Chicago merchant. Mrs. Keaton, formerly Natalie Talmadge, popular movie actress, and the well known Norma Talmadge, acted as maids of honor for sis. This is Netcher's second marital venture and Connie's third.

## Amateurs Great Aid

San Francisco, May 17.—In times of emergency, such as floods, fire, storms or war, amateur radio operators from Maine to California will have their sets ready to augment or replace land lines.

This was assured today by announcement of General John L. Hines, commanding the Ninth Corps Area, that development of the army amateur radio system has already provided a national network of com-

munications should disaster break any link in the wire circuits of the country.

Between 2,000 and 3,000 amateur radio operators on the Pacific Coast are linked in this vast network.

## England Now Has 543 Millionaires

London, May 17.—England's mil-  
lionaires appear to be declining in  
numbers. Treasury statistics just  
issued show that for the 1928-1929  
financial year there were 543 mil-  
lionaires in Great Britain and  
Northern Ireland, compared with  
569 in 1926, 597 in 1925, and 592 in  
1924.

Against this reduction, however,  
is to be placed a slight increase in  
the list of top rank millionaires  
having incomes of more than \$500,-  
000 a year. According to the sta-  
tistics, there were 147 individuals  
in this class with a total income  
of approximately \$150,000,000, com-  
pared with 139 in 1923 with an ag-  
gregate income of \$130,000,000.

Figures for the five higher ranks  
of tax-payers show that 566 persons  
paid tax on incomes of between  
\$150,000-\$200,000, 278 on \$250,000 in-  
comes, 299 on \$375,000, 87 on \$500,-  
000 and 147 on incomes of \$500,-  
000 and over.

A peculiar feature of the statis-  
tics is that there was a slight re-  
duction last year in the numbers of  
men with incomes of \$5,000 a year,  
a mere 4,603 people dividing a total  
income of approximately \$275,000,-  
000 among them.

## Would Have Made Big Difference

Lady Writes She Had Known  
of World's Tonic  
Months Ago

"My baby was born last June,"  
said a well known matron of Salem,  
Ohio, to the World's Tonic Inter-  
viewer. "He was not a big, boun-  
cing boy like the others, but rather  
weak. I could not nurse him, and  
while he is all right now we had  
a hard time with him for several  
months. No doubt his poor start  
was due to my wretched health. I  
was bilious for weeks at a time and  
used to see black spots before my  
eyes and suffer a severe pain in the  
top of my head. My heart some-  
times thumped uncomfortably after  
exertion, and my stomach was very  
delicate, so that I had to be most  
careful in my eating. My main  
trouble started after I had the flu.  
I lost weight until I only weighed  
98 where I used to weigh 140. I  
could hardly keep anything on  
my stomach, which was ulcerated.  
Whatever I ate that stayed down  
felt like hot coals in my stomach. I  
had to take different kind of med-  
icines every night to get my bowels  
to move. I had an anemic condi-  
tion of the blood and took cold  
very easily. My feet were cold all  
the time.

"All I did for myself did not help  
much until I tried the new medi-  
cine that everybody is talking  
about here, called World's Tonic. I  
was surprised and delighted with  
the quick results. My liver became  
active again, and the biliousness  
went away. My heart beat regu-  
larly, and my stomach digested  
everything I ate. I gained weight  
and strength rapidly. World's  
Tonic proved to be just what a  
woman in my condition needed, and  
if I had known of it a year earlier  
it would have made a big differ-  
ence in both my baby and myself."

World's Tonic can be had of J.  
H. Leake or of any other first  
class drug store. (A-96). Adv.

## Chamois Plenty

Berne, May 17.—According to a  
recent census, the chamois in the  
Swiss Alps now number more than  
11,000, compared with about 9,500  
ten years ago. The increase is due  
to the measures taken for their pre-  
servation. There has also been a  
considerable increase in the number  
of ibex, deer, roval eagles and foxes  
in all the reservations.

### Wins Prix de Rome

John M. Sittion, of Greenville, S. C., 22-year-old boy, who is working his own way through Yale University toward a fine arts degree, was just emerging from the kitchen where he was with a plate of hash when he was informed that he had won the annual Prix de Rome for his painting.

### "KONJOLA BEST MEDICINE IN DRUG STORE"

Ed says: He Will Endorse Konjola To Everyone Because He Knows What It Will Do

Mr. Ed Fairall is recommending Konjola because it is the best medicine on the drug store shelf," said Mr. Ed Fairall, 629 South Ludlow Street, Dayton.

"Konjola relieved me of a severe case of stomach trouble. Gas-bloating and severe pains in the pit of my stomach followed every meal. I was not getting the proper nourishment; nothing seemed to agree with me. My condition became so bad that at times I thought I would not be able to stand the misery. But Konjola freed me from all my aches and pains. Konjola is the best medicine in the drug store! Today I feel like a new man. My good digest as it should, and I get the proper nourishment. What a blessing it is to be freed from the dreadful bloating and gas pains! I am enjoying the best health I have had in years. I owe a great debt to Konjola and am endorsing it because I know what it can do."

Konjola is sold in Salem at J. H. Leas D. S. (Mr. Kaminsky) and by all the best druggists in all towns throughout this entire section—Adv.

# Romantic Connie Takes Her Third

Buster Keaton's home at Los Angeles, Cal., was the scene of a very pretty wedding when Constance Talmadge, screen star, sister of Mrs. Buster Keaton, wed Townsend Netcher, a wealthy Chicago merchant. Mrs. Keaton, formerly Natalie Talmadge, popular movie actress, and the well known Norma Talmadge, acted as maids of honor for sis. This is Netcher's second marital venture and Connie's third.

## England Now Has 543 Millionaires

London, May 17.—England's millionaires appear to be declining in numbers. Treasury statistics just issued show that for the 1928-1929 financial year there were 543 millionaires in Great Britain and Northern Ireland, compared with 569 in 1926, 597 in 1925, and 592 in 1924.

Against this reduction, however, is to be placed a slight increase in the list of top rank millionaires having incomes of more than \$500,000 a year. According to the statistics there were 147 individuals in this class with a total income of approximately \$130,000,000, compared with 139 in 1923 with an aggregate income of \$130,000,000.

Figures for the five higher ranks of tax-payers show that 366 persons paid tax on incomes of between \$150,000-\$200,000, 278 on \$250,000 incomes, 299 on \$375,000, 87 on \$500,000 and 147 on incomes of \$500,000 and over.

## Would Have Made Big Difference

Lady Wishes She Had Known of World's Tonic Months Ago.

"My baby was born last June," said a well known matron of Salem, Ohio, to the World's Tonic Interviewer. "He was not a big, bouncing boy, like the others, but rather weak. I could not nurse him, and while he is all right now we had a hard time with him for several months. No doubt his poor start was due to my wretched health. I was bilious for weeks at a time and used to see black spots before my eyes and suffer a severe pain in the top of my head. My heart sometimes thumped unaccountably, and my stomach was very delicate, so that I had to be most careful in my eating. My main trouble started after I had the flu. I lost weight until I only weighed 98 where I used to weigh 140. I could hardly keep anything on my stomach, which was ulcerated. Whatever I ate that stayed down felt like hot coals in my stomach. I had to take different kind of medicines every night to get my bowels to move. I had an anemic condition of the blood and took cold very easily. My feet were cold all the time."

"All I did for myself did not help much until I tried the new medicine that everybody is talking about here, called World's Tonic. I was surprised and delighted with the quick results. My liver became active again, and the biliousness went away. My heart beat regularly, and my stomach digested everything I ate. I gained weight and strength rapidly. World's Tonic proved to be just what a woman in my condition needed and if I had known of it a year earlier it would have made a big difference in both my baby and myself."

World's Tonic can be had of J. H. Lease or of any other first class drug store. (A-96). Adv.

## Chamois Plenty

Berne, May 17.—According to a recent census, the chamois in the Swiss Alps now number more than 11,000, compared with about 9,500 ten years ago. The increase is due to the measures taken for their preservation. There has also been a considerable increase in the number of ibex, deer, roval eagles and foxes in all the reservations.

KONJOLA BEST MEDICINE IN DRUG STORE

Men Say: He Will Endorse Konjola To Everyone Because He Knows What It Will Do

MR. ED. FAIRALL

"I am recommending Konjola because it is the best medicine on the drug store shelf," said Mr. Ed. Fairall, 629 South Ladow Street, Dayton.

"Konjola relieved me of a severe case of stomach trouble. Gas, bloating and severe pains in the pit of my stomach followed every meal. I was not getting the proper nourishment; nothing seemed to agree with me. My condition became so bad that at times I thought I would not be able to stand the misery.

"But Konjola freed me from all my aches and pains. Konjola is the best medicine in the drug store. Today I feel like a new man. My food digests as it should, and I feel the proper nourishment. What a blessing it is to be freed from the dreadful bloating and gas pains! I am enjoying the best health I have had in years. I owe a great debt to Konjola and am endorsing it because I know what it can do."

Konjola is sold in Salem at J. H. Lee & D. S. (Mr. Kaminsky) and by all the best druggists in all towns throughout this entire section—A.G.

Why not lay in a complaint to the state on the way they re-surfaced our beautiful McKinley Ave.

A POPULAR COUNTER

In our store is our Fruit and Vegetable display. We buy the very best quality fruits and vegetables and sell them at very low prices. Therefore, every week we show a gradual increase of business in this department. Let us convince you tomorrow, that we can save you money on your fruits and vegetables.

## CHURCH MERGER DISCUSSION FOR '29 CONVENTION

### United Brethren May Be Joined With Other Religious Groups

Lancaster, Pa., May 17.—Not far from Isaac Long's Barn, the birthplace of the United Brethren church, delegates gathered today for the thirtieth quadrennial conference of the denomination.

They will discuss among other things a merger with the Reformed Church of the United States and the Evangelical Synod of North America to form a new church under the name of "United Church in America."

The new church, which would have a total membership of more than a million, will be discussed during the course of the conference which will be in session to May 25. The conference is the first to be held near Long's Barn, where in 1765 Philip W. Otterbein, a missionary of the German Reformed Church, and Martin Boehm, a Mennonite minister with a number of religious leaders founded the denomination now known as the Church of the United Brethren in Christ.

#### National Speakers

Among the national figures who will address the conference are: Senator Simeon D. Fess of Ohio; Dr. Ernest H. Cherrington of Westerville, O., general secretary of the World League against Alcoholism; Dr. Daniel A. Poling of New York, president of the International Christian Endeavor; Dr. Hugh S. Magill, of Chicago, Secretary of the International Council of Religious Education; and Dr. Charles I. Goodall of New York, of the Federal Council of Churches.

Dr. W. T. Funk, head of the denomination's million dollar printing plant in Dayton, O., reported that the gross earnings of the plant for the past four years was \$497,000 and for the 32 years of his management, \$1,852,000. The business of "The Otterbein Press," publishers of 13 church periodicals, amounted to \$800,000 during the past year. The 21-story re-inforced concrete office building, in which the plant is located and which houses all general departments of the church, is the tallest of its kind in the world.

#### Large Membership

Miss Alice E. Bell, general secretary of the Women's Missionary association, reported that the association had a membership of 61,668 and receipts for the past four years were

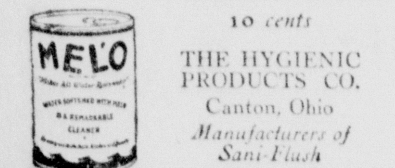

Do you bathe?  
Do you know Melo?

You probably bathe in hard water. Water that mixes with the soap, and forms a dirty ring around the tub. . . . scum! And there's just as much scum on you too.

Melo will soften the hardest city water and make it a wonderful cleaner, with or without soap. Add lots of soap to that. Then lots of suds will come. No dirt. No ring. No scum. Melo only costs 10 cents a can. Buy 3. Keep one in the kitchen, one in the laundry, one in the bathroom. Get it at your grocer's—today.

### COURT NEWS

**Declares Intent**  
A declaration of intent to become a citizen of the United States has been filed with Clerk of Courts Frank Ballantine by Steven Vores, aged 56 years, a native of Hungary and residing at Salem, R. F. D. No. 1. He is employed as a laborer, and entered the United States at New York, Aug. 20, 1911.

**Foreclosure Filed**  
Foreclosure proceedings have been filed in common pleas court by the Union Savings & Loan Co. of East Liverpool against Maude Looman and others, to obtain judgment for \$4,523.51 on a loan of \$4,414 and secured by mortgage on lot 1428 La-Croft allotment, Liverpool township.

curred by mortgage on lot 1428 La-Croft allotment, Liverpool township.

**File For Damages**  
W. G. Gillilan, administrator of the estate of his son William D. Gillilan, aged seven years, who died after being hit by a truck near the Garfield school, East Liverpool, March 1 last, has filed an action in common pleas court against the Ohio Valley Oil Co. for \$20,000 damages. The petition has been filed by Cochran and Crawford.

The plaintiff relates that the truck was being driven in a reckless manner, and that the defendant was run over by the rear left wheel of the truck of the defendant company, and that the injuries the child sustained caused death a few minutes later.

**Auto Wreck Suit Caus**  
Anthony DeGennaro has filed suit in court to recover \$5,000 damages as a result of an automobile wreck, from Fred Wilke, doing business as Wilke's bakery at Wellsville. The petition shows that truck owned by

the defendant and driven by John Stout crashed head on into a Ford coupe in which the plaintiff was a passenger Nov. 16, 1928 near the Jethro viaduct in East Liverpool. The plaintiff was severely injured.

Louis Ferlenda the owner of the car in which DeGennaro was a passenger was also injured in the same wreck, and he has also entered suit to recover \$5,250 damages.

## I Had to Force Myself to Work

But I Had Renewed Energy, Fine Appetite and Sound Sleep After Taking Owa-Ton-Na

Mr. George Fritch, Route No. 2, Salem, Ohio, who for several years has been suffering with a run-down condition of health, says that he was really surprised at the results that this fine medicine shows in a very short time. Mr. Fritch says that the headaches he suffered with made him feel that his head would split open.

"When I tried Owa-Ton-Na, I didn't feel that the first bottle would do me a great deal of good, but I want to say it made a great change in my condition. Almost with the first dose I could see that my system was getting a real cleansing. My stomach seemed to tone up and my appetite improved greatly."

"I was not troubled with that sourness and gas as I had been before. I seemed to have renewed energy and when I got up in the morning it did not feel tired. Dizziness disappeared and I lost that grouchy irritable feeling. I can certainly recommend Owa-Ton-Na to those who are suffering as I had."

CHIEF OWA-TON-NA

You, too, may find in Owa-Ton-Na the medicine you have been looking for. A trial bottle will convince you and it certainly worth that to any one who is suffering. Owa-Ton-Na is a non-alcoholic herbal preparation for kidney, liver, stomach and intestinal disorders, sold at Flogging's, Bolger & French and J. B. Lease drug stores in Salem.—Ad.

## FLOWERS DOMINATE BRIDAL ATTIRE

Apparently the time-honored custom of wearing orange blossoms is due for a fall, according to the latest dictates of fashion. Above are two brides, attired in up-to-the-minute bridal dresses, showing the new trend in finishing touches. The lady on the right has chosen delicate rose-buds for her veil, which motif she has carried out in her slippers, shown in the right hand corner. The inset shows the bride in a cap-shaped veil of white wood violets, with a muff of violets to match, in place of the usual bridal bouquet or Bible.

## FARM PROBLEMS LECTURE TOPIC

State Farm Bureau Men To Head Discussions In June

Legislation of farm interest in both state and national circles will occupy a prominent place in discussions at the booster meetings of farmers to be held in connection with Farm Bureau Week, says an announcement received by the Mahoning county farm bureau from those in charge of the program of the meetings. The gatherings will be held by districts, during the week, at Lima on June 10 and 11; Con-ten, June 11 and 12; Zanesville, June 12 and 13; and Wilmington, June 13 and 14.

State legislative matters will be presented to those attending the meetings by C. A. Dyer, legislative agent of farm bureau and grange; H. S. Ballard attorney for the organization, and L. B. Palmer, chairman of the legislative committee, while discussions will be led by leaders of County Farm bu- legislative committees.

Farm relief legislation and activities in Washington will be described to the Ohio group by Sam H. Thompson, president of the American Farm Bureau Federation at all four of the meetings. Mr. Thompson has been in Wash- ington a good share of the time since hearings on farm legislation for the special session of congress started. Farmers will also consider their stand on the taxation amendment to the Ohio constitution which will come before voters this fall.

In addition to the legislative dis- cussion, all other activities of the Farm bureau will be up for con- sideration at some time during each of the two-day meetings. Indica- tions are that the attendance point will run from 2,000 to 5,000 members.

## Urges All States To Unify Motor Laws

Harrisburg, Pa. May 17—Because of numerous protests resulting from suspension of automobile drivers' licenses in Pennsylvania following conviction on charges of driving while intoxicated in other states, Benjamin G. Eynon Registrar of Motor Vehicles in the Department of Highways here, would have uni- form laws enacted in all states.

Eynon offered a resolution to that effect at the recent confer- ence of Motor Vehicle Administra- tors in New York City. The resolu- tion urged that Pennsylvania's motor vehicle enforcement provi- sions be adopted by all states, thus eliminating protests that result when Pennsylvania drivers' licenses are revoked or suspended following conviction on charges of driving while intoxicated in other states when brought before justices of the peace and magistrates.

The resolution, if adopted, would have other states pass statutes pre- viding for jury trial in all such cases. At present conviction of a driver forces him to hire a chauff- eur to drive over the boundaries of adjoining states since the re- ciprocal privileges extended by the states are revoked when the driver is convicted.

**Girl On Homestead**  
Denver, May 17—A crippled, 23- year-old girl prepared to leave her home here recently for her home- stead on the wide plains of Wyom- ington. She must stay there for sev-

en months, alone, to prove up on her claim to the land. Already she has spent 14 months on the ranch with- in the past two years.

In fulfilling the legal requirements of her homestead project, Miss Dor- othy Whitehead, daughter of a Den- ver attorney, has spent her time six miles from her mail box, twenty miles from a store, and four miles from her nearest neighbor—and she likes it.
